

OPEN DIVISION PATTERNS

The open division patterns are just that—open to the choice of the tyer. Creativity is the key in this division, but proportions and neatness count, too.

SPUN HAIR

Tie your most creative spun hair fly for Trout, Steelhead, Bass, Pike, Musky, or Saltwater species on the hook of your choice.

STEELHEAD-GREEN BUTT SKUNK

Create your own original, or tie to a style: Classic, Spey, Dee, or even a simple hair wing on the hook of your choice. Keep the proportions spot on for the style you choose to tie.

FOAM FLY

Create your craziest foam fly for Trout, bass, pan fish, steelhead, or any other species you chase with a fly.

Please mail or drop off entries by April 15th, 2015 to:

***The Caddis Fly Angling Shop
